Dear colleague,

Transport for Wales Rail Ltd 14th Supplemental Agreement – Industry Consultation

Seilwaith Amey Cymru / Amey Infrastructure Wales Limited and Transport for Wales Rail Ltd propose to submit to the ORR an application under Section 22 of the Railways Act 1993 for approval of an amendment to their CVL Track Access Contract. In line with the Industry Code of Practice for track access application consultations, we are consulting you on the proposed agreement.

The purpose of the supplemental is to make the following amendments to the Track Access Contract:

- Delete the Schedule 5 Table 2.1a and replace with a version containing the access rights required to facilitate reinstatement of a small number of services on the Rhymney Valley, as a result of reduced engineering access requirements of the CVL Transformation Programme.

This notification together with a copy of the 14th Supplemental Agreement and the associated CVL Form P are also available at our “Consultation Centre” here:

<https://tfw.wales/projects/consultation-centre/cvl-infrastructure-manager>

You do not need to respond if you do not have any comments. However, should you wish to comment upon this proposed agreement, then please do so no later than **1st November 2024**. Please provide your response to: CVLTrackAccess@amey.co.uk and copied to Chris.Dellard@tfwrail.wales

If you are no longer the appropriate contact within your organisation to receive this consultation, please advise so that I may update my records.

Further information regarding the CVL network is available here: <https://tfw.wales/about-us>

Please do not hesitate to contact me if you have any further questions.

Yours faithfully,

Gary
